

Chlorella

This product may be the best and simplest way to detox, protect your health and restore nutrients needed during times of toxic overload and or high stress. A remarkable food that has been carefully cultivated to provide overall nutritious support and a safe way to eliminate metals, excess environmental toxins, and lower cholesterol.

- *Rich in Chlorophyll & Carotenoids
- * Natural Antioxidant
- * Broken Cell Wall

HOW IT WORKS

Chlorella, a single-celled fresh water plant, is a storehouse of enzymes, vitamins, minerals, and phytonutrients. In addition, it contains high amounts of purifying chlorophyll, as well as the nucleotides RNA/DNA. Because Chlorella contain numerous nutrients, including antioxidants, it is thought to scavenge free radicals created by toxins in the environment. This product is carefully produced using Chlorella that has been milled to break its cell wall for improved digestion and absorption. [Learn more about this powerful “food.”](#)

** per ingredient nutritional profile

* Percent Daily Values are based on 2,000 calorie diet.

† Daily Value not established.

We selected this Chlorella because of the cost and the manufacturing process. It is the broken cell variety and is manufactured for Professional Use only, under GMP certification.

Cautions and Interactions Chlorella may theoretically interact with immunosuppressants. In addition, Chlorella is known to contain significant amounts of Vitamin K and therefore, may interact with warfarin. Chlorella can also contain iodine. Chlorella might cause an allergic reaction in people sensitive to iodine. If you are immunocompromised, taking immunosuppressant medications or warfarin, consult your healthcare practitioner before taking this product.
