

RestorX™

Intestinal Repair Nutritional Drink Mix

Low Allergy Potential · Low Glycemic Load ·
Gluten Free

Product Summary

RestorX™ is a gluten-free formula which contains a number of nutrients known to support the restoration of intestinal permeability, and optimize gut barrier integrity and function. L-glutamine is the primary amino acid source for intestinal cells, and also regulates intercellular junction integrity. N-acetyl glucosamine (NAG) provides the substrate for glycosaminoglycan formation, often impaired with increased intestinal permeability. Zinc is included, with a deficiency shown to disrupt tight junctions and alter membrane permeability.

Antioxidants, including vitamins C and E, grape seed extract, milk thistle, and beta carotene, protect the GI from oxidative damage, and provide support for hepatic detoxification of compounds associated with dysbiosis and intestinal dysfunction. Quercetin has been shown to be critical to intestinal integrity, in part by stabilizing mast cells which regulate intestinal function and tight junction integrity. *Bifidobacterium longum* (patented strain BB536), a probiotic, has been found to prevent damage to intestinal cells and to increase production of tight junction cell proteins, which improves intestinal integrity. The use of organic-sprouted brown rice as the gluten-free protein source allows those with celiac disease or gluten sensitivities to safely restore intestinal wall health.

Unique Features

- Low allergy potential, gluten free, and low glycemic load and index
- Contains a number of nutrients known to support gut barrier integrity and function
- Protects the gastrointestinal tract from oxidative damage and provides support for a healthy intestinal environment
- Provides a gluten-free protein source for those with gluten sensitivities to safely restore intestinal wall health
- Targeted nutrients that help support the flow of bile and keep the bowels moving efficiently
- Excellent multivitamin and mineral supplement for those with nutrient malabsorption

RestorX™

Intestinal Repair
Nutritional Drink Mix

450 g

Codes: 9222

Serving size: 1 scoop (32.4 g)

Feature: Naturally-sweetened, pleasant tasting powder

Supplement Facts

Serving Size 1 Scoop (approx. 32.4 g)
Servings Per Container 14

Zinc (as zinc citrate)	12.5 mg	83%			
Selenium (as selenium chelate)	50 mcg	71%			
Chromium (as chromium chelate)	50 mcg	42%			

Other ingredients: Organic cane sugar, natural flavors (apple, banana, blueberry, raspberry, strawberry), lemon oil.

and caution should be used for patients on antidiabetic therapy.

Note: RestorX is also available as part of the 7-Day ReduceXS Total Body Cleansing Program. This program provides complete nutritional support for deep cellular cleansing.

Contains no artificial preservatives, colors or sweeteners and no gluten or wheat. Sealed for your protection. Do not use if seal is broken. For freshness, store in a cool, dry place.

Suggested Usage:

For Daily Maintenance: Start your day with 1 scoop (32.4 g) mixed as instructed below or as directed by a health care professional.

For Intestinal Rejuvenation: 1 scoop (32.4 g), 2–4 times per day or as directed by a health care professional.

Mixing Instructions: Blend, shake or briskly stir 1 scoop (32.4 g) into 8 fl. oz. of purified water or freshly-pressed juice (vegetable or fruit). You can also customize your drink mix by blending 1 scoop (32.4 g) with 8 fl. oz. of purified water and 1 cup of fresh or frozen organic berries or other fruit. Stir and drink immediately.

Contraindication: While no specific contraindication exists or is predicted, data is lacking for use during pregnancy, lactation, and in children, and the dosage may need to be reduced for those less than 18. Consult your health care professional if you have been experiencing persistent diarrhea, abdominal pain, unexplained weight loss or blood in the stool.

Drug Interactions: N-acetyl cysteine may cause hypotension and headaches when taken with nitroglycerin. Some components may also have a hypoglycemic effect,
